Sir/Madam,

We feel pleasure to inform you that your research project titled “Programmatic Management Issues in Tuberculosis and Diabetes Mellitus: A Mixed Method Approach“ has been approved for grant of financial assistance. An assistance of up to Rs.20,000/- has been approved.

- The amount approved will be disbursed to you in two equal instalments. The cheques will be issued in favour of the Principal Investigator.
- The first instalment will be released on receipt of your consent/agreement to undertake the project. Second and the final will be disbursed on submitting the satisfactory progress of the project and the Association being satisfied with the same.
- The results/findings of the research may also be used by the TAI for publication in its Indian Journal of Tuberculosis. So it may not be given/disclosed by the researcher to any one without the prior permission of TAI.
- It is imperative for you or the sponsors of your research project to take care of the statutory requirements such as ethical clearance for the project.

You are advised to start the research project and conclude it within the period as envisaged in your proposal.

The next National Conference (NATCON) is scheduled to be held from 16th to 18th December, 2016 at PGI, Chandigarh. We propose to have one or two scientific sessions for TAI-assisted short term research projects in this conference. So if your research outcome is ready by 15th of November, 2016, it may be considered for presentation at the NATCON. If final report is not ready by NATCON, an interim report could also be considered for presentation.

Before initiating the project, you are also advised to submit the permission of the Head of Department/Institution where you intend to conduct the research if you have not forwarded your project through them.

Yours faithfully,

(Tejinder Ahluwalia)
