Subject: Coursera's Response to the Coronavirus Pandemic

Hello Dr. Arun,

Thank you for our conversation a short while ago.
The coronavirus outbreak has impacted educational institutions around the world, forcing many to suspend on-campus instruction and face-to-face seminars. I am aware that Yenepoya has also been impacted by Coronavirus and is currently closed for students.

I wanted to share that Coursera has launched a Coronavirus Response Initiative to help minimize the impact of the outbreak on students. We are offering access to top quality content and select features of our Coursera for Campus platform for free until 31st July, 2020. You can find more information [here](#).

We would be happy to provision **upto 5,000 licenses for free** for Yenepoya students and faculty to access our Coursera for Campus platform as well as our Courses and Specializations.

If this is of interest to Yenepoya, may I request for the following:

1. Kindly inform me by replying to this email
2. Kindly direct your team to sign up for this program [here](#) so that our Implementation Team can configure the licenses for you

I look forward to hearing back from you on this.

Warm regards
Vaibhav
