E-POSTER REPORT**

The Department of Anatomy along with Alumni members from Yenepoya Medical College, Yenepoya (Deemed To Be University) conducted an e-Poster competition with a theme of “Cadaver as first teacher- Students perception” on 25<sup>th</sup> March 2021 for 1<sup>st</sup> MBBS (20-21 Batch) of Yenepoya Medical College. We were pleased to invite our alumni Dr. Meera Jacob ,Associate Professor, Yenepoya Medical College and Dr. Hema N, Associate Professor, Kanachur Institute of Medical Sciences for e-Poster competition & evaluation.

Sixteen groups (with 5 students each) participated in the competition. Overall the Do’s and Don’ts guidelines were shared with the students which helped the organizing Secretaries to scrutinize the e-posters before sending for the final judgment. Posters are an integral part of academic conferences, but have few limitations. E-Posters offer a new way to overcome these limitations, but their potential is largely under-utilized because of misconceptions regarding their design, creation and use at conferences. Students presented ideas that begin with conceptual considerations which then moved to practical applications (including technical suggestions) for designing, creating, and presenting effective e-posters. These ideas will assist them to follow the theme of “Cadaver as first teacher- Students perception” for future studies. Winners were declared. The list of winners with their rank and group numbers is mentioned below.

#### Report of National Level Online Pencil Art Drawing Contest

Online pencil drawing contest was organized by Gender Sensitization Cell (GSC) of Yenepoya Pharmacy College & Research Centre (YPCRC), in view of the notification received from UGC, ref letter no F.No.17-4/2020-U.5 dated on 1<sup>st</sup> June, 2020. The letter mentioned that the GSC in higher educational institutions may conduct Webinar/Video Conferences on Gender Bias and Stereotyping Gender Equality and Women's Rights, in view of ongoing COVID-19 circumstances. Hence, the GSC of YPCRC decided to conduct online pencil drawing contest on the theme "Role of Working Parents in Management of Corona Pandemic"

This contest is conducted to create awareness on gender bias and stereotyping in management of corona pandemic through online platform and also to reduce the stress during this COVID-19 pandemic. It was a creative event in which the participants got an opportunity to share their talent.

The online contest had no registration fee. The registration started from 10<sup>th</sup> July 2020 to 22<sup>th</sup> July 2020. The registrations were done through Google form links which was circulated through WhatsApp and college website ([www.yperc.in](http://www.yperc.in)). Rules and guidelines were circulated along with the registration form link. We received 44 registrations for the competition and in which 33 participated and submitted their final pencil art through mail. Once we received the

registrations, the confirmation mail, registration numbers & the rules and regulation for the participants were mailed to their respective registered mail ids from the committee. The committee members also decided to create a Whatsapp group with participants to address their queries and to communicate with them.

We received vast participation from students and Pharma professionals across the country. The art work received from the participants incorporated very innovative and creative ideas. It included the multi-tasking parents who played an important role in performing their duties related to jobs, house hold works, taking care of kid's health & education, cooking, grocery shopping, laundry etc. Some arts explained the role of parents as corona warriors such as police, nurses and doctors taking care of society and home. Few pencil arts explained do's and don'ts in management of corona. Some arts explained the mother and father sharing all the house hold works, management of kid's online classes, their online duties, financial crises, health education to kids and family members during lockdown.

Two external evaluators were selected for the judging the final submitted pencil arts based on their experience in the drawing and painting. The evaluation was done based the judgment criteria which includes clarity and ease of understanding, use of shades, imagination and creativity, neatness and finishing, relevance to the topic and overall impression. The result was announced on August 15<sup>th</sup> 2020. This group was dissolved after the announcement of results. The committee has provided E-certificates to all the participants and separate E-certificate for winner and runners up were mailed personally.

All the members of ICC actively participated in organizing the program. The poster for invitation was prepared by Mr. Mohammed Asif Iqbal, Vice principal, YPCRC. Rules and guidelines, judging criteria was prepared by Ms. Sanjana and edited by Mrs. Sindhu Priya E S. Registration and report preparation was taken care by Mrs. Sandhya, Certificate designed by Ms. Rajika and Mrs. Sindhu Priya E S, e-certificates were prepared by Ms. Sushmitha & Dr. Sunil Menghani, selection of judges and evaluation procedure was taken care by Dr. Sunil S Menghani, Poster of winners and award winning arts was prepared by Mrs. Sindhu Priya ES, YPCRC Website notification was taken care by Dr. Mobeen Shaik, Whatsapp group created and communicated by Ms. Sanjana and Mrs. Sindhu Priya E S.
