NOTIFICATION

Sub: Addendum to the Bachelor of Business Administration (BBA) Program regulations 2019-20 based on the revisions approved by the Academic Council and Board of Management meetings: Regarding

With reference to the subject cited above the University is pleased to consolidate the various revisions approved by the Academic Council and Board of Management for implementation effective from the academic year indicated in the respective revisions.

REGISTRAR

NOTIFICATION – 34-ACM/2019 dtd. 01.06.2019

Sub: Starting of courses

- (1) BBA (Aviation & Logistics)
- (2) BBA (Aviation, Travel & Tourism)
- (3) B.Com(Honors) (ACCA)
- (4) BCA (Big Data Analytics and Cloud Computing)
- (5) B.Sc. Hospitality Science (Aviation, Travel and Tourism)
- (6) B.Sc. Food Science and Nutrition
- (7) Bachelor of Hotel Management

Ref: Resolution of the Academic Council at its 34th meeting held on
08.02.2019

The Academic Council at its 34th meeting held on 08.02.2019 & subsequently the Board of Management at its 45th meeting have resolved to approve the proposal to start the following courses:-

- (1) BBA (Aviation & Logistics)
- (2) BBA (Aviation, Travel & Tourism)
- (3) B.Com(Honors) (ACCA)
- (4) BCA (Big Data Analytics and Cloud Computing)
- (5) B.Sc. Hospitality Science (Aviation, Travel and Tourism)
- (6) B.Sc. Food Science and Nutrition
- (7) Bachelor of Hotel Management

This notification issued for implementation with effect from the academic year 2019-20.

BBA (Aviation, Travel & Tourism)

The University Grants Commission, New Delhi in its tenth plan guidelines directed the Universities in the country to implement the credit based semester scheme in both undergraduate and post-graduate programmes. The Credit Based Semester Scheme makes the product of a University at par with the global practices in terms of academic standards and evaluation strategies. In the emerging scenario of Internationalization of Indian Higher Education, it is imperative that the Universities in India should follow this system so that the mobility of their products both within and across the geographical jurisdiction becomes possible. Hence the Yenepoya University is adopting the credit based semester scheme in its undergraduate degree programme of BBA (Aviation and Logistics) and BBA (Aviation, Travel and Tourism) effective from the academic year 2019-20.

Aviation, hospitality and travel industries are in for exponential growth. The aviation industry is expected to grow at a compounded annual growth rate of over 25%. Europe needs 400 airports and 300 aircraft in the next decade. Also, the hospitality industry is one of the fastest growing sectors in the whole world. According to the tourism ministry, hotels in Europe will have a shortfall of 150,000 rooms. This sector is expected to be the second largest employer in the world by 2019. No other industry offers career benefits and payment packages as lucrative as these industries. In fact, cabin crew hired by international airlines stand to earn salaries as high as EUR 6,000/- per month.

Bachelor of Business Administration is very popular academic degree in all over the world. A combination of Business Administration, Tourism, Aviation, Art, Science & Technology are taking place in the degrees that we propose to offer. This sector is predicted to become the world's largest industry by the year 2020, generating enormous opportunities for well qualified individuals armed with credentials from an elite institute like Yenepoya University. These Graduates will be in great demand to assume exciting and rewarding positions anywhere in the World.

BBA degree holders will stand to gain in pursuing MBA. The added specializations like Aviation as well as Travel and Tourism would provide the students of Dakshina Kannada district ample chances to work in the Industry. Being in a coastal town where the major revenue comes from exports, the students completing their degree programme would stand a better chance of getting employed in the shipping, aviation, exports and imports and other allied industries. Many foreign countries prefer hiring people from India to manage their most difficult asset – human resource. High earning jobs are spread in US, UK, Canada and Middle East markets, and our specializations would offer our students a better chance at gaining employment abroad. Seekers of all these programmes have the lowest injury rates while in employment.

Course Goals:

The goals of three years degree program is to provide theoretical knowledge along with practical skills and proper motivation to build a career in the Tourism and aviation Industry.

Course Objectives:

The objective of the course is to:

- To develop study skills among the learners so as to help them cope with courses in Aviation, Business and Management Science, etc.
- To provide the necessary practical exposure to self-study methods so as to equip the learner with knowledge acquiring skills.
- To develop personality development skills.

- To meet the demand of technically trained professionals at Airport, Airlines, and Travel and Tourism Sector

Programme Outcomes

Yenepoya University proposes to conduct BBA (Aviation and Logistics); BBA (Aviation, Travel and Tourism) course with the following Goals;

To provide a strong foundation and understanding of the functioning of commercial organisations in aviation, travel and tourism. Major job profiles are airline transport, cargo companies, travel agencies, ground staff, cabin crew, tour operators, traffic assistance, customer services, counter staff and in hospitality organisations also.

Programme Specific Outcomes

- 1) To develop competency in students to pursue higher level programmes such as MBA, PhD or other Master Programmes in Tourism, Travel and Aviation.
- 2) To enhance employability and to be able to take up challenging job assignments.
- 3) To develop the conceptual and practical skills of the students aimed at the intellectual pursuit of knowledge of Tourism, Aviation and Management.
- 4) To help understand methods and processes of hospitality, tourism and aviation in every area of activity.
- 5) To expose them to the areas of application of knowledge in business firms and service sector organizations.
- 6) To enable them to acquire complete basic and intermediary practical knowledge of various Travel, Tourism and Aviation subjects with the sole purpose of making them self-dependent and easily employable.

Academic year of adopting the syllabus:

This programme will be implemented with effect from 2019-20 onwards.

Duration of the Course

The duration of the course shall be three years. Each academic year shall be divided into two semesters. The first academic year shall comprise the first and second semesters, the second academic year, the third and fourth semesters, and the third academic year as the fifth and sixth semesters.

Eligibility

A candidate who has passed the two years Pre-University Examination conducted by the Pre-University Education Board in the State of Karnataka or any other examination considered as equivalent thereto by University is eligible for admission to these programmes.

Selection Process

Application forms will be available in the official website of Yenepoya University (www.yenepoya.edu.in) and the college office for the applicants. A merit list will be prepared of selected candidates based on the 12th class marks /PUC marks. Reservation of seats will be followed as per the university bye laws.

Total Intake of Students

150 students will be registered per year for the course.

Medium of Instruction

The medium of instruction and examination shall be English.

Minimum Course Curriculum for Undergraduate Courses under Choice Based Credit System

Ministry of Human Resource Development (HRD), Govt. of India, has already initiated the process for developing New Education Policy (NEP) in our country to bring out reforms in Indian education system. University Grants Commission (UGC) participates more actively in developing National Education Policy, its execution and promotion of higher education in our country. The UGC has already initiated several steps to bring equity, efficiency and academic excellence in National Higher Education System. The important ones include innovation and improvement in course- curricula, introduction of paradigm shift in learning and teaching pedagogy, examination and education system.

The education plays enormously significant role in building of a nation. There are quite a large number of educational institutions, engaged in imparting education in our country. Majority of them have entered recently into semester system to match with international educational pattern. However, our present education system produces young minds lacking knowledge, confidence, values and skills. It could be because of complete lack of relationship between education, employment and skill development in conventional education system. The present alarming situation necessitates transformation and/or redesigning of education system, not only by introducing innovations but developing “learner-centric approach in the entire education delivery mechanism and globally followed evaluation system as well.

Majority of Indian higher education institutions have been following marks or percentage based evaluation system, which obstructs the flexibility for the students to study the subjects/courses of their choice and their mobility to different institutions. There is need to allow the flexibility in education system, so that students depending upon their interests and aims can choose inter-disciplinary, intra-disciplinary and skill-based courses. This can only be possible when choice based credit system (CBCS), an internationally acknowledged system, is adopted. The choice based credit system not only offers opportunities and avenues to learn core subjects but also exploring additional avenues of learning beyond the core subjects for holistic development of an individual. The CBCS will undoubtedly facilitate us bench mark our courses with best international academic practices. The CBCS has more advantages than disadvantages.

Advantages of the choice based credit system

Shift in focus from the teacher-centric to student-centric education.

Student may undertake as many credits as they can cope with (without repeating all courses in a given semester if they fail in one/more courses).

CBCS allows students to choose inter-disciplinary, intra-disciplinary courses, skill oriented papers (even from other disciplines according to their learning needs, interests and aptitude) and more flexibility for students).

CBCS makes education broad-based and at par with global standards. One can take credits by combining unique combinations. For example, Physics with Economics, Microbiology with Chemistry or Environment Science etc.

CBCS offers flexibility for students to study at different times and at different institutions to complete one course (ease mobility of students). Credits earned at one institution can be transferred.

Choice Based Credit System (CBCS)

The CBCS provides an opportunity for the students to choose courses from the prescribed courses comprising core, elective/minor or skill based courses. The courses can be evaluated following the grading system, which is considered to be better than the conventional marks system. Therefore, it is necessary to introduce uniform grading system in the entire higher education in India. This will benefit the students to move across institutions within India to begin with and across countries. The uniform grading system will also enable potential employers in assessing the performance of the candidates. In order to bring uniformity in evaluation system and computation of the Cumulative Grade Point Average (CGPA) based on student's performance in examinations, the UGC has formulated the guidelines to be followed.

1. Outline of Choice Based Credit System

1.1 Core Course A course, which should compulsorily be studied by a candidate as a core requirement is termed as a Core course.

2. Elective Course Generally a course which can be chosen from a pool of courses and which may be very specific or specialized or advanced or supportive to the discipline/ subject of study or which provides an extended scope or which enables an exposure to some other discipline/subject/domain or nurtures the candidate's proficiency/skill is called an Elective Course.

2.1 Discipline Specific Elective (DSE) Course Elective courses may be offered by the main discipline/subject of study is referred to as Discipline Specific Elective. The University/Institute may also offer discipline related Elective courses of interdisciplinary nature (to be offered by main discipline/subject of study).

2.2 Dissertation/Project An elective course designed to acquire special/advanced knowledge, such as supplement study/support study to a project work, and a candidate studies such a course on his own with an advisory support by a teacher/faculty member is called dissertation/project.

2.3 Generic Elective (GE) Course An elective course chosen generally from an unrelated discipline/subject, with an intention to seek exposure is called a Generic Elective.

P.S. A core course offered in a discipline/subject may be treated as an elective by other discipline/subject and vice versa and such electives may also be referred to as Generic Elective.

3. Ability Enhancement Compulsory Courses (AECC) The Ability Enhancement (AE) Courses may be of two kinds Ability Enhancement Compulsory Courses (AECC) and Skill Enhancement Courses (SEC). "AECC" courses are the courses based upon the content that leads to Knowledge enhancement; i. Environmental Science and ii. English/MIL Communication. These are mandatory for all disciplines. SEC courses are value-based and/or skill-based and are aimed at providing hands-on-training, competencies, skills, etc.

3.1 Ability Enhancement Compulsory Courses (AECC) Environmental Science, English Communication/MIL Communication.

3.2 Skill Enhancement Courses (SEC) These courses may be chosen from a pool of courses designed to provide value-based and/or skill-based knowledge. Introducing Research Component in Under-Graduate Courses.

Project work/Dissertation is considered as a special course involving application of knowledge in solving / analyzing /exploring a real life situation / difficult problem. A Project/Dissertation work would be of 6 credits. A Project/Dissertation work may be given in lieu of a discipline specific elective paper.

4. Implementation

The CBCS may be implemented in Central/State Universities subject to the condition that all the stakeholders agree to common minimum syllabi of the core papers and at least follow common minimum curriculum as fixed by the UGC. The allowed deviation from the syllabi is 20 % at the maximum.

The universities may be allowed to finally design their own syllabi for the core and elective papers subject to point no. 1. UGC may prepare a list of elective papers but the universities may further add to the list of elective papers they want to offer as per the facilities available.

Number of Core papers for all Universities has to be same for both UG as well as UG Program.

Credit score earned by a student for any elective paper has to be included in the student's overall score tally irrespective of whether the paper is offered by the parent university (degree awarding university/institute) or not.

For the introduction of AE Courses, they may be divided into two categories

AE Compulsory Courses the universities participating in CBCS system may have common curriculum for these papers. There may be one paper each in the 1st two semesters viz. (i) English/MIL Communication, (ii) Environmental Science.

Skill Enhancement Courses The universities may decide the papers they may want to offer from a common pool of papers decided by UGC or the universities may choose such papers themselves in addition to the list suggested by UGC. The universities may offer one paper per semester for these courses. The university/Institute may plan the number of seats per elective paper as per the facility and infrastructure available.

An undergraduate degree with in a discipline may be awarded if a student completes 14 core papers in that discipline, 2 Ability Enhancement Compulsory Courses (AECC), minimum 2 Skill Enhancement Courses (SEC) and 4 papers each from a list of Discipline Specific Elective and Generic Elective papers respectively.

An undergraduate Program degree in Science disciplines may be awarded if a student completes 4 core papers each in three disciplines of choice, 2 Ability Enhancement Compulsory Courses (AECC), minimum 4 Skill Enhancement Courses (SEC) and 2 papers each from a list of Discipline Specific Elective papers based on three disciplines of choice selected above, respectively.

An Undergraduate program degree in Humanities/ Social Sciences/ Commerce may be awarded if a student completes 4 core papers each in two disciplines of choice, 2 core papers each in English and MIL respectively, 2 Ability Enhancement Compulsory Courses (AECC), minimum 4 Skill Enhancement Courses (SEC), 2 papers each from a list of Discipline Specific Elective papers based on the two disciplines of choice selected above, respectively, and two papers from the list of Generic Electives papers.

The credit(s) for each theory paper/practical/tutorial/project/dissertation will be as per the details given in A, B, C, D for B.Sc., B.A./B.Com., B.Sc. Program and B.A./B.Com. Program, respectively.

Wherever a University requires that an applicant for a particular M.A./M.Sc. /Technical/Professional course should have studied a specific discipline at the undergraduate level, it is suggested that obtaining 24 credits in the concerned discipline at the undergraduate level may be deemed sufficient to satisfy such a requirement for admission to the M.A./M.Sc./Technical/Professional course.

Proposed Scheme for Choice Based Credit System

	CORE COURSE (14)	Ability Enhancement Compulsory Course (AECC) (2)	Skill Enhancement Course (SEC) (2)	Elective Discipline Specific DSE (4)	Elective Generic (GE) (4)
I	C 1	(English/ MIL Communication)/ Environmental Science			GE-1
	C 2				
II	C 3	Environmental Science/(English/ MIL Communication)			GE-2
	C 4				
III	C 5		SEC -1		GE-3
	C 6				
	C 7				
IV	C 8		SEC -2		GE-4
	C 9				
	C 10				
V	C 11			DSE-1	
	C 12			DSE -2	
VI	C 13			DSE -3	
	C 14			DSE -4	

Details of courses under BBA

Course	Theory + Tutorial	*Credits
Theory+ Practical		
I. Core Course (14 Papers)	14X4= 56	14X5=70
Core Course Practical / Tutorial* (14 Papers)	14X2=28	14X1=14
II. Elective Course (8 Papers)		
A.1. Discipline Specific Elective (4 Papers)	4X4=16	4X5=20
A.2. Discipline Specific Elective Practical / Tutorials* (4 Papers)	4 X 2=8	4X1=4
B.1. Generic Elective/ Interdisciplinary (4 Papers)	4X4=16	4X5=20
B.2. Generic Elective Practical / Tutorials* (4 Papers)	4 X 2=8 4X1=4	
*Optional Dissertation or project work in place of one Discipline Specific elective paper (6 credits) in 6th Semester		
III. Ability Enhancement Courses		
1. Ability Enhancement Compulsory Courses (AECC) (2 Papers of 4 credits each)	2 X 2=4	2 X 2=4
Environmental Science English Communication/MIL		
2. Skill Enhancement Courses (SEC) (Minimum 2, Max. 4) (2 Papers of 4 credits each)	2 X 2=4	2 X 2=4
	Total credit= 140	Total credit= 140

Institute should evolve a system/policy about ECA

General Interest/Hobby/Sports/NCC/NSS/related courses on its own. *wherever there is a practical there will be no tutorial and vice-versa.

5. Co-Curricular and Extra Curricular Activities

A student shall opt for any one of the following activities in the first four semesters offered in the college

A) N.S.S.

B) Sports and Games

C) Other Co-Curricular and Extra-Curricular Activities as prescribed by the university
Evaluation of Co-and Extra Curricular Activities is as per the procedure evolved by the university from time to time.

6. Attendance and Change of Subjects

A candidate shall be considered to have satisfied the requirement of attendance for a semester if he/she attends not less than 75% of the number of classes held including EC & CC.

A candidate who does not satisfy the requirement of attendance even in one subject shall not be permitted to take the whole University examination of that semester and he/she shall seek re-admission to that Semester in a subsequent year.

Whenever a change in a subject is permitted the attendance in the changed subject shall be calculated by taking into consideration the attendance in the previous subject studied by the candidate.

If a candidate represents his/her Institution/University/ Karnataka State/ Nation in Sports/ NSS/ Cultural or any officially sponsored activities he/she may be permitted to claim attendance for actual number of days participated, based on the recommendation of the Head of the Institution concerned. If a candidate is selected to participate in national level events such as Republic Day Parade etc., he/she may be permitted to claim attendance for actual number of days participation based on the recommendation of the head of the Institution concerned.

7. Teaching Learning Methodology

The instructors will choose the pedagogy according to the course content and its applications from the methods provided below.

Lectures, Class discussions, reading assignments, Discussion groups. Lecture-demonstration, Student Presentation, Panel discussion by student panels from the class. Student reports by individuals, Student-group reports. Debate (informal) on current issues by students Forums Bulletin boards, Small groups such as task oriented, discussion, Textbook assignment. Reading assignments in journals, monographs, Assignment to outline portions of the textbook, Assignment to outline certain supplementary readings, Debates (formal) . Crossword puzzles Maintaining Portfolios / Diaries. Reports on published research studies, Library research on topics or problems .Written book reports by students , Interviews, Audio-tutorial lessons , Open textbook study ,Committee projects--small groups ,Individual projects , Quiz, Use of dramatization, skits, plays(street plays) ,Student construction of diagrams, charts, or graphs, Making of posters by students , Problem solving or case studies. Use of flip chart board by instructor as aid in teaching, Use of diagrams, tables, graphs, and charts by instructor in teaching. Use of displays by instructor, Use of slides, Use of motion pictures, educational films, videotapes. Use of recordings (Ted Talks). Role playing, peer teaching. Coaching: special assistance provided for students having difficulty in the course. VIVA, filling out forms (income tax, checks). Visit an "ethnic" locations or commercial establishments or community. On the job training, specialize in other countries and in India Visit an employment agency. Campaigning, Volunteering, Prepare mock newspaper on specific topic or era, an entrepreneurial activity. Writing reports or project proposals.

8. Examination Structure for Written exam

	Marks
Internal Assessment	25
Final Examination	75
Total	100

9. Continuous Internal Assessment (CIA)

Internal Assessment for each course is continuous, and details for each test are notified well in advance. CIA consists of the following

SN	Internal Assessment for 25 marks	Weightage
1	One Internal examination	15
2	Assignment/Seminars/Viva-voce/ Research Papers Presentation/Attitude/Class Interaction	10
	Total	25

10. The marks of the internal assessment shall be published on the notice board of the college for information of the students.

11. Registration for Examinations

A candidate shall register for all the papers of a semester when he/she appears for the examination of that semester for the first time.

12. Conduct of Examinations

There shall be examinations at the end of each semester, ordinarily during November/December for odd semesters and during April/May for even semesters, as prescribed in the Scheme of Examinations.

13. Examination Scheme / Assessment Question Pattern for the internal exam will be as below

Section A	MCQ & Objective Questions	25 questions x 1 mark each	25 Marks
Section B	Short Answers or case	5 Questions x 5 marks each	25 Marks
	Total		50 Marks

14. Examination Scheme / Assessment Question Pattern for the end semester exam will be as below

Section A	MCQ & Objective Questions	25 questions x 1 mark each	25 Marks
-----------	---------------------------	----------------------------	----------

Section B	Analytical Questions/Illustrations/ case studies/essay type questions	5 Questions x 10 marks each	50 Marks
	Total		75 Marks

15. Minimum for a Pass

No candidate shall be declared to have passed the Semester Examination (except in Co-curricular and extracurricular activities) unless he/she obtains not less than 40% marks in the aggregate of written examination and internal assessment put together in each of the subjects. There is no minimum mark in Internal Assessment, but Candidate should get minimum 40% in external examination.

If a candidate fails in any subjects, he/she shall appear for that subject only at any subsequent regular examination, within the maximum 6 years from date of registration prescribed for completing the programme.

16. Re-totalling

All theory examination papers will be evaluated by two examiners (one internal and one external). There will not be any revaluation of the papers. However the students can apply for re-totalling after submitting the application and necessary fees.

17. With Holding of Results

Results will be withheld when a student has not paid his/her dues or there is a case of disciplinary action pending against him/her.

18. Carry Over

A candidate who fails in a lower semester examination may go to the higher semester and take the examination.

19. Classification of Successful Candidates

Grading System For Choice Based Credit System (CBCS) - The College adopts a ten point grading system.

Conversion of credit(s) into grade(s) the following illustrations could be taken as an example for computing SGPA and CGPA from credits for courses in all disciplines, degree Program courses in Science subjects and degree Program courses in Humanities, Social Sciences and Commerce subjects

20. Grades and Grade Points

Letter Grade	Grade Point
O (Outstanding)	10
A+ (Excellent)	9
A (Very Good)	8
B+ (Good)	7
B (above average)	6

C (Average)	5
P (Pass)	4
F (Fail)	0
Ab (Absent)	0

A student obtaining Grade F shall be considered failed and will be required to reappear in the examination.

For non credit courses ‘Satisfactory’ or ‘Unsatisfactory’ shall be indicated instead of the letter grade and this will not be counted for the computation of SGPA/CGPA.

The Universities can decide on the grade or percentage of marks required to pass in a course and also the CGPA required to qualify for a degree taking into consideration the recommendations of the statutory professional councils such as AICTE, MCI, BCI, NCTE etc.

21. Illustration of Computation of SGPA and CGPA and Format for Transcripts Course

Course	Credit	Grade Letter	Grade Point	Credit Point (Credit X Grade)	SGPA (Credit Point/Credit)
Semester I					
C-1	06	A	8	48	
C-2	06	B+	7	42	
AECC-1	02	B	6	12	
GE-1	06	B	6	36	
Total	20			138	6.9 (138/20)
Semester II					
C-3	06	B	6	36	
C-4	06	C	5	30	
AECC -2	02	B+	7	14	
GE-2	06	A+	9	54	
Total	20			134	6.7 (134/20)
Semester III					

C-5	06	A+	9	54	
C-6	06	0	10	60	
C-7	06	A	8	48	
SEC -1	02	A	8	16	
GE-3	06	0	10	60	
Total	26			238	9.15 (238/26)
Semester IV					
C-8	06	B	6	36	
C-9	06	A+	9	54	
C-10	06	B	6	36	
SEC -2	02	A+	9	18	
GE-4	06	A	8	48	
Total	26			192	7.38 (192/26)
Semester V					
C-11	06	B	6	36	
C-12	06	B+	7	42	
DSE-1	06	0	10	60	
DSE-2	06	A	8	48	
Total	24			186	7.75 (186/24)

Semester VI					
C-13	06	A+	9	54	
C-14	06	A	8	48	
DSE-3	06	B+	7	42	
DSE-4	06	A	8	48	
Total	24			192	8.0 (192/24)

CGPA					
Grand Total	140			1080	7.71 (1080/144)
Semester 1	Semester 2	Semester 3	Semester 4		
Credit: 20; SGPA: 6.9	Credit: 20; SGPA: 6.7	Credit: 26; SGPA: 9.15	Credit: 26; SGPA: 7.38		
Semester 5	Semester 6				
Credit: 24; SGPA: 7.75	Credit: 24; SGPA: 8.0				

Thus, CGPA = (20 x 6.9 + 20 x 6.7 + 26 x 9.15 + 26 x 7.38 + 24 x 7.75 + 24 x 8.0)/ 140 = 7.71

22. Rejection of Results

A candidate may be permitted to reject the result of the whole examination of any semester. Rejection of result paper-wise/subject-wise shall not be permitted. A candidate who has rejected the result shall appear for the immediately following regular examination. The rejection shall be exercised only once in each semester and the rejection once exercised cannot be revoked.

Application for rejection along with the payment of the prescribed fee shall be submitted together to the controller of examination of university through the College with the original statement of marks within 30 days from the date of publication of the result.

A candidate who rejects the result is eligible for only class and not for ranking.

23. Transfer of Admission

Transfer of admissions to other university is permissible only on mutual agreement with the other university. A candidate migrating from any other university may be permitted to join III/V Semester of the degree programme provided he/she has passed all the subjects of previous semesters/years as the case may be. Such candidates must satisfy all other conditions of eligibility stipulated in the regulations of Yenepoya University. Conditions for transfer of admission of students of other universities
He/she shall fulfil the attendance requirements as per the Yenepoya University Regulations.

His / Her transfer of admission shall be within the intake permitted to the college.

The candidate who is migrating from other universities is eligible for overall class and not for ranking. He / She shall complete the programme as per the regulation governing the maximum duration of completing the programme.

24.The Details of Course Structure and Assessment

Semester	Course Type	Course Name and Course Code	Total Credits	Marks		Total Marks
			Theory	Internal	External	
I	BBT101	Principles of Management	6	25	75	100
	BBT102	Marketing Management	6	25	75	100
	BBT103-A	English-I	2	25	75	100
	BBT103-B	Hindi-I				
	BBT103-C	Kannada-I				
	BBT104	Human Rights, Gender and Environmental Studies	2	25	75	100
	BBT105	Managerial Economics	4	25	75	100

*SWAYAM courses may be undertaken as choice for any of the four and two credit module take

25. SWAYAM COURSE GUIDELINES (For Students) Minimum 8 credits and a maximum of 20 credits of MOOC credits is permitted.)

Guidelines for opting MOOC subjects as elective or open elective (Any of the 4 credit or 2 credit subjects) Core 6 credit courses are not electives.

1. At the time of selecting any Elective or Open Elective, student can opt for a MOOC subject of same credit or one credit less.

2. Process for opting MOOC subject by the student:

Student identifies a MOOC subject on SWAYAM portal (<https://swayam.gov.in>).

Student informs Departmental Swayam Coordinator (DSC) about it.

DSC gives the code of the subject to the student.

Students will apply online through SMS or mobile app.

After the process the student enrolls/registers in the subject on SWAYAM portal (<https://swayam.gov.in>).

Student will inform DSC after registering and enrolling on SWAYAM portal.

3. After the completion of the subject, a copy of the certificate of completion with the marks obtained is to be submitted to the DSC.

4. Credit Conversion:

If credit for MOOC subject taken by the student matches with the credit of Departmental elective or Open elective then no conversion is needed and same breakup for CA (online assignments) and ESE (Proctored exam) will be taken.

Conversion of 3 credit MOOC subject to 4 credit subject or 2 credits MOOC subject to 3 credit subject:

End Semester Exam (ESE) 50 Marks	Continuous Assessment (CA) 50 Marks			
	Proctored Exam (as per MOOC mark sheet scaled to 50)	Online Assignments (as per MOOC mark sheet)	Presentation 1 (to be conducted by departmental committee)	Presentation 2 (to be conducted by departmental committee)
Marks distribution	50	25	10	15
Marks required to Pass	ESE(out of 50) + Online assignment (out of 25)=30 marks		P1+P2=11 marks

	Total	25

Examination Scheme / Assessment Question Pattern for the internal exam will be as below

Section A	MCQ & Objective Questions	25 questions x 1 mark each	25 Marks
Section B	Short Answers or case study or report	5 Questions x 5 marks each	25 Marks
	Total		50 Marks

Examination Scheme / Assessment Question Pattern for the end semester exam will be as below

Section A	MCQ & Objective Questions	25 questions x 1 mark each	25 Marks
Section B	Analytical Questions/Illustrations/ case studies/essay type questions	5 Questions x 10 marks each	50 Marks
	Total		75 Marks

BBT303 Airfare, Ticketing Practices and Commercial Geography

(Total Hours 90)

Goals This course is to familiarize the students with the methods of ticketing in airlines and enable them to identify different modes of transportation and fare calculations.

Objectives By the end of this course, a student will

- Construct fares to various traffic conferences
- Demonstrate the ability to issue tickets
- Apply the practical knowledge in the travel agency

Course content

Unit 1 International Transport Associations

IATA, UFTAA, ICAO, Conventions - Chicago and Warsaw convention, Freedoms of Air, Bilateral agreements. IATA Areas of the world, IATA global Indicators, Anatomy of Journey. Concept of pricing per ticket.

Unit 2 Fares and Ticketing Terminologies

Local Currency Fares Ticketing terminology- maximum Permitted Mileage, MPM , ticketed Point Miles TPM , Extra Mileage Allowance EMA Extra Mileage Surcharge EMS , Higher Intermediate Point HIP.

Unit 3 Types of Journeys and Fare Calculations

Types of journey, Round Trip, Circle Trip, The RT and CT Fare Construction Formula,, Tax References, Children and Infant and Minor Passengers, Unaccompanied passenger UM . Fare calculation Rules, Fare construction terminology, Fare Construction with IATA /UFTAA Formula Normal fares, Net Fares , BSP Billing and Settlement Plan.

Unit 4 Role of GDS and types of CRS

Introduction to Global Distributions System and Computerized Reservation System Types of CRS- Amadeus- Galileo Sabre and World Span. Encoding and Decoding , Neutral availability. Return Availability, Waitlisted and ARNK Segments, Ticketing Element, Building a PNR. Building a PNR-supplementary Data-Optional Service Information-Special Service Request-Retrieving and Displaying a PNR-Cancelling PNR Elements-Modifying PNR elements-Changing Segment Status-Splitting a PNR.

Unit – 5 Airline Terminology

Airports and offline stations served by airlines – Abbreviations used in airlines- Freedom of Air – Types of journeys (OW, CT, RT, OJ, RTW) – Global indicators.

Passenger ticket

Different coupons – ticketing instruction and conjunction tickets – Open tickets, E-tickets and its advantages – Miscellaneous charges order (MCO) and Prepaid Ticket Advice (PTA) – the rounding off of currencies, referring to airline time table, TIM, OAG, PAT.

Unit -6 Air fares

Types of fare – normal face (Adult, child & infant) – Special fares, discounted fares, passengers requiring special handling – passengers with medical problems – Expectant women – Unaccompanied minors – infants – VIPs/ CIPs, introduction to special fares.

Internal fare constructions based on IATA & UFTAA – FBP – NUC – MPM – TPM – EMA –HIP – BHC – ROE – LSF – RWM. Point to point one way routing – Specified routing – Round the world Minimum (RWM) – Circle Trip Minimum (CTM).

Unit 7 Introduction to Aviation Geography

IATA areas; sub-areas; sub-regions. Freedoms of Air. Time calculation: GMT variation; concept of standard time and daylight saving time; calculation of elapsed time and flying time. Familiarisation with OAG: 3 letters city code; airport code; airline designated code; country and currency codes; global indicators; TIM; Hubs and Gateways; Flight and Routing Terms. Aircraft types.

BBT304 Consumer Behaviour

(Total Hours 30)

Goals This course will enable the students to familiarize themselves with the processes of opinion leadership, adoption and levels, models of consumer decision making. Discuss difficulties, challenges of consumer behaviour in Indian context and issues emerging.

Objectives By the end of this course, a student will

- Understand concepts, models and applications of consumers.
- Describe consumer perception, its elements and study about learning theories, attitudes and motivation.
- Illustrate the influence of culture, subculture and cross culture on consumer behavior .

Course Content

Unit 1 Consumer Behaviour

Definition of Consumer behaviour, Consumer and Customer, Buyers and Users, Development of consumer behaviour field, development of marketing concept, disciplines involved in the study of consumer behaviour.

Unit 2 Consumer an Individual

Consumer Motivation, Personality, Perception, Learning, Attitude, attitude change.

Unit 3 Consumer in their Social and Cultural setting

Consumer and cultural influences, Social class influence and consumer behavior, group influences and consumer behaviour, family influences.

Unit 4 Consumer decision making process

Consumer decision making, problem recognition, information search, evaluation of alternatives and selection, purchase, post-purchase behaviour.

Unit 5 Organizational buyer behaviour

Introduction to organizational buyers' behaviour, Factors influencing organizational buying behaviour.

Suggested Reading

BBT305 Research Methodology

(Total Hours 30)

Goals This course provides the students the knowledge which are essential for gathering, analyzing and interpretation of the problems confronted by humanity. This paper introduces the nature of Social and Business research, and provides the techniques of research, identification of problem, research design, data collection, sampling, hypothesis, processing, and interpretation of data and preparation of reports. As a prerequisite, students should be having a basic knowledge about concepts relating to research, basic statistics and business.

Objectives By the end of this course, a student will

- Provide an overview of the research process
- Identify the methods and techniques of research
- State clearly their research problem and associated research questions arising, including both descriptive and either explanatory or exploratory questions.
- Conduct a literature review of the concepts comprising the research questions
- Define the main elements of a potential research instrument for testing the hypotheses
- Distinguish between quantitative and qualitative approaches and methods

Course content

Unit 1 Nature of Social and Business Research

Meaning and definition of research, Criteria of good research, social research-Goals, assumptions, deductive and inductive methods, significance and difficulties of Social research. Business research- Research and business decisions.

Unit 2 Methods and Techniques of Research.

Classification of research-According to the intent- Pure Research, Applied Research, Exploratory Research, Descriptive Study, Diagnostic Study, Evaluation Studies, and Action Research. According to the method- Experimental Research, Analytical Study, and Historical Research. Inter Disciplinary Research and its essentials.

Unit 3 Research Problem and Research Design.

Research Problem Steps involved for selection of a topic for research study, components of research problem, Definition of Problem, Evaluation of Problem, review of relevant literature, sources of literature Note Taking. Testing of Hypothesis, Errors in Hypothesis. Research Design - Meaning, definition, Classification of Research Designs. Importance of Research Plan, Contents of a Research Plan.

Unit 4 Sampling and Sample Design

Meaning of Sample, purpose of Sampling, Sampling Technique – Random Sampling and Non-random sampling, Errors in Sample Surveys – Sampling Errors and Non Sampling Errors.

Unit 5 Methods and Tools for Data collection.

Methods of Data Collection Meaning and Importance of data, Sources of data – Primary Sources and Secondary Sources, Methods of collection of Primary and Secondary data. Tools or instruments of data collection Observation schedule, Interview guide, Interview schedule, Mailed questionnaire, Rating scale, Check list, Opinionated, Document Schedule. Types of Questions–open ended/close ended, Measurement scale–Meaning and types. Analysing and interpretation of data and Report Writing.

BBT306A Enterprise Resource Planning

(Total Hours 30)

Goals This course is to enable students to describe the role of an ERP in carrying out business processes in a company and explain how ‘best business practices’ are incorporated in an ERP.

Objectives By the end of this course, a student will

- Make basic use of Enterprise software, and its role in integrating business functions
- Analyse the strategic options for ERP identification and adoption.
- Design the ERP implementation strategies.
- Create reengineered business processes for successful ERP implementation.

Course content

Unit 1 Introduction to Information System

Business Functions and Business Processes, importance of Information Characteristics of information; Types of information, Information System Components of an information system; Different types of information systems; Management information system, Enterprise Resource Planning Business modelling; Integrated data model.

Unit 2 Introduction to ERP

Defining ERP, Origin and Need for an ERP System, Benefits of an ERP System, Reasons for the Growth of ERP Market, Reasons for the Failure of ERP Implementation Roadmap for successful ERP implementation.

Unit 3 Business Process Re-engineering

Business Process Re-engineering, Management Information systems, Decision Support Systems, Executive Information Systems- Advantages of EIS; Disadvantages of EIS, Data Warehousing, Data Mining, On-Line Analytical Processing, Product Life Cycle Management, Supply Chain Management, ERP Security.

Unit 4 ERP Tools and Software

ERP Tools and Software, ERP Selection Methods and Criteria, ERP Selection Process, ERP Vendor Selection, ERP Implementation Lifecycle, Pros and cons of ERP implementation, Factors for the Success of an ERP Implementation.

BBT306B Elements of Port and Shipping Management

(Total Hours 30)

Goals To familiarize the fundamental functions, operations, ownership and management structure of the ports and terminals. This course is designed as an introduction to the world of shipping (a) Dealing with ships themselves (b) Shipping markets (c) Will explore the geography of maritime and commercial world (d) Legal aspects of shipping business (e) Commerce concerned with money (f) Basic accounting & corporate structures.

Objectives By the end of this course, a student will

- Get knowledge in Shipping Markets and its legal aspects.
- Know about the basic shipping operations
- Describe the various shipping accounting concepts which enables them to fetch global placements.

Course Content

Unit 1 Port Structure and Functions

Definition - Types and Layout of the Ports – Organisational structure-Fundamental observations. Main functions and features of ports: Infrastructure and connectivity - Administrative functions - Operational functions. Main services: Services and facilities for ships - Administrative formalities - Cargo transfer - Services and facilities for cargo - Additional “added value” service- Ports and their stakeholders like PHO, Immigration, Ship agents, Stevedores, CHA.

Unit 2 Port Operations

Berths and Terminals - Berth Facilities and Equipment - ship Operation - Pre- shipment planning, the stowage plan and on-board stowage - cargo positioning and stowage on the terminal - Developments in cargo/container handling and terminal operation - Safety of cargo operations - Cargo security: Measuring and evaluating performance and productivity.

Unit 3 Port Development

Phases of port development - Growth in world trade - Changes in growth - Development in terminal operation. Shipping technology and port: Ship knowledge - Ship development and port development - Port time and ship speed - Other technical development affecting port.

Unit 4 Sea Transport

Sea Transport – Introduction – Why Ships – Different Shipping markets – Who Trades - Conclusion. The Supply of Ships – Brief History – Supply of Shipping – Why operate Ships – Protectionism – Ship Registration – Port State Control – Ship Classification. Maritime Geography – Introduction – Ocean & Seas – Ports –Geography of trade. Ship Sale & Purchase.

BBT401 Regional Tourism in India

(Total Hours 90)

Goals The course will provide information on the regional tourism of India of national and international importance. The historical evolution and background elements of the regional tourism will be discussed. The student will be competent in identifying tourism activities related to natural resources, cities, monuments, pilgrim destinations, fares and festivals, art, architecture and craft.

Objectives By the end of this course, a student will
To enable the students to identify the importance of the background elements of tourism resources of India and how they are promoted regionally.

Course Content

Unit 1 Concepts and Significance of Tourism

Definitions, Tourist, Tourism, Leisure, Recreation, Definitions and Terminology, An overview of Tourism, Elements, Nature and Characteristics, Typology of Tourism, Classification of Tourists, Tourism network, Interdisciplinary approaches to tourism, Major motivations and deterrents to travel.

Unit 2 Historical Background of Tourism

Historical Development of Tourism, A historical perspective of travel, The antiquity of travel, Famous travellers, The Industrial revolution and travel, History of transport and its impact on tourism development, History and development of hotels and travel accommodations, travel and tourism through ages, early travels, Renaissance and age of grand tours.

Unit 3 Tourism Systems, Types and Scope

Tourism Industry; Structure and Components: Attractions, Accommodation, Activities, Transportation, F&B, Shopping, Entertainment, Infrastructure and Hospitality, Emerging areas of tourism - Rural, Eco, Medical, MICE, Literary, Indigenous, Wellness, Film, Golf, etc., Ideals of Responsible Tourism, Alternate Tourism, International Tourism, Tourism Impacts, Tourism Area Life Cycle (TALC), Demonstration Effect, Push and Pull Theory, Tourism System, Mathieson and Wall Model & Leiper's Model, Stanley Plog's Model of Destination Preferences, major types and forms of tourism-list/definitions

Unit 4 Tourism Organizations and Associations

Role and Functions of International Organizations World Tourism Organization (WTO), Pacific Asia Travel Association (PATA), World Tourism & Travel Council (WTTC), National Tourism Organizations Ministry of Tourism, Govt. of India, ITDC, State Tourism Departments of Tourism, FHRAI, IH & RA, IATA, TAAI, IATO, UFTAA

Unit 5 Geo-Physical Resources of India

Geographical Background of India, Different Physical Features of Region, Tourism resources of India, Diversities in Landform & Landscape, Outstanding Geographical features, Climate, Mountains, Hill Stations, Deserts, Beaches, Islands, Coastlines, Ocean, Seas, Bays and Gulfs, Rivers and Lakes as Tourism Providers and Facilitators; Regions of India.

Unit 6 Historical & Cultural Resources of India

Regional History of India, History, Culture and Heritage, Monuments (With Spatio-Temporal and Architectural Significance), Religions, Customs, Traditions, Pilgrimage Destinations, Fairs and Festivals, Handicrafts and Handlooms, Dance Styles, Music, Dargahs and Samadhies, Caves, Temples, Other Religious Monuments, Museums, Archives, Transportation, Communication and Tourist Accommodations, Regional and Ethnic Cuisines; Destinations based on the Historical and Cultural background of India

BBT402 Geography and International Heritage Tourism

(Total Hours 90)

Goals This course is designed to examine Tourism as a global, national and local phenomenon, with economic, social, cultural, political, and environmental impacts. Also, within the framework of a geographical analysis of the modern tourism phenomenon, this course explores the capitalistic nature of most travel and tourism production and consumption as well as the contribution of tourism to the analysis of territorial competition and economic restructuring. It will provide students with the nature of tourism around the world, defining characteristics, emphasizing personal experience, and understanding of World Tourism.

Objectives By the end of this course, a student will

- Identify tourist flows and movements, types and forms of tourist areas and destinations, traditional and recent destinations, Tourism demand & supply, tourist motivations.
- Study about major and minor tourism generating countries, and their tourism policies, tourism development.
- Explore tourism opportunities
- Examine the impacts of tourism on economies, societies, and environments; and, planning and management issues associated with tourism.

Course Content

Unit 1 Introduction

Introduction, Meaning, Scope and contents of Geography. Importance of Geography in tourism, Climatic variations, climatic regions of world, study of maps, longitude & latitude, international date line, Standard time and Day light saving time.

Geography and Human Society

Physical Geography, Physical problems and issues of lithosphere, hydrosphere, atmosphere, pedosphere, and global flora and fauna patterns (biosphere); Human Geography pattern and processes that shape the human society ; Regional Geography regions of all sizes across the earth, characteristics of a particular region that consists of natural as well as human elements.

Unit 2 Tourism Geography

Tourism Geography, Location, place, space, human and cultural characteristics, and the movement of people; flows of tourism from generating countries to the destinations; influences of the economic and political factors with the flows of tourism from traditionally from developed countries to the less developed countries.

Rural and Urban Tourism

Scope of Tourism Geography Importance of Rural tourism, Urban tourism, Spa tourism, Sport tourism, Eco tourism, Heritage tourism, and the important destinations in each.

Unit 3 Heritage Tourism

Heritage of India Cultural heritage of India stages of evolution, continuity. Meaning, types, heritage sites of India. Historic monuments of tourist significance forts, palaces, museums, art galleries, heritage management organisations UNESCO, ASI, ICO, MOS, INTACH.

Brief Account of history and culture:

Indus Valley civilization, Heritage of India .Medieval Period, Indo- Islamic Architecture, Case Study of Red Fort.

Dynasties: Mauryan Empire, Marathas, Guptas, Western and Southern, British Period, Temple Architecture; Hindu, Christian, Islamic, Jain and Sikh temples.

Unit 4– International Travel Regulations

International Business Environment: Economic, Political, Legal and Technological Environment - Global economic institutions: IMF, World Bank, WTO; Regulatory aspects of the international travel & tourism, Barriers to travel, tourism investment & business, regulations, international organizations dealing with Tourism: UNWTO, IATA, PATA; Need for government support of tourism, national tourism organizations, political stability, travel advisories, political risk, crisis management.

Unit 5 – International Tourism Sales and Marketing

Inbound and Outbound tourism trends in Asia, Europe, America and Africa. East Asia Pacific (China, Fiji, Indonesia, Korea, Malaysia, Philippines, Solomon Islands, Thailand, and Vietnam), Middle East (Iran, Iraq, Turkey, UAE, Sudan and Egypt) and South Asia (Afghanistan, Bangladesh, Bhutan, India Maldives, Nepal, Pakistan, Sri Lanka)

Unit 6 – Global Challenges and Tourism

Cultural change: Planned and unplanned cultural change; Cultural adaptation; Global competition & the future; Long-term tourism growth trends, tourism growth in major regions, Problems and challenges before international tourism like climate change, terrorism and Ethical issues.

Unit 7 Tourism Products of India

India's Performing and Creative Art -paintings and Handicraft, Indian Sculptures, Indian Cuisines, Indian Fairs and Festivals, Museums of India. Buddhist Tourism, Adventure Tourism, Wild life Tourism, Beach Tourism, Health Tourism, Ayurveda Yoga and Meditation Tourism, Policy issues and culture -Government, Trade, Media.

Teaching Learning Methodology

Instructional methods and teaching methodology will be diverse and have a combination of lectures, active problem solving, demonstrations, group discussions and field visits.

The exhaustive list of methodologies is listed in point no.7. The instructor would provide a scheme of work that details specific teaching and learning strategies for each unit of the course.

Examination Scheme/Assessment (Written)

	Marks
Internal Assessment	25
Final Examination	75
Total	100

Continuous Internal Assessment (CIA)

SN	Internal Assessment for 25 marks	Weightage
1	One Internal examination	15
2	Assignment/Seminars/Viva-voce/ Research Papers Presentation/Class Participation/Attitude	10
	Total	25

Examination Scheme / Assessment Question Pattern for the internal exam will be as below

Section A	MCQ & Objective Questions	25 questions x 1 mark each	25 Marks
Section B	Short Answers or case study or report	5 Questions x 5 marks each	25 Marks
	Total		50 Marks

Examination Scheme / Assessment Question Pattern for the end semester exam will be as below

Section A	MCQ & Objective Questions	25 questions x 1 mark each	25 Marks
Section B	Analytical Questions/Illustrations/ case studies/essay type questions	5 Questions x 10 marks each	50 Marks
	Total		75 Marks

BBT404 Purchasing and Inventory Management

(Total Hours 60)

Goals This course is to enable the students to acquire knowledge and skills related to the practices of purchasing and inventory management in the industry.

Objectives By the end of this course, a student will

- Explain the important theories of purchasing in manufacturing and service sector.
- Define what purchasing and vendor management is.
- Describe the purchasing process.
- Describe vendor relationship management.
- Identify alternate purchasing methods.
- Describe the processes for continuous improvement in purchasing and vendor management.
- Identify the best practices and quality control in inventory management

Course content

Unit 1 Introduction to Purchasing

Purchasing Process. Purchasing and Supplier Management: Sourcing and Supplies Management, Outsourcing – Global Sourcing – Vendor Identification – Selection – Evaluation – Development – Supplier Relationship Management – Supplier Quality Management.

Unit 2 The Vendor

Introduction to Vendor Management, Vendor Relationship Management and Capital Purchases, Purchase Methods, Alternate Purchasing Methods, Continuous Improvement in Purchasing and Vendor Management

Unit 3 Inventory

Inventory Management – Inventory Control – Importance and Scope of Inventory Control – Types of Inventory – Costs Associated with Inventory – Organizational set up for Inventory Management. **Selective Inventory Control** Economic Order Quantity – Safety Stocks – Inventory Management Systems – Forecasting Techniques – Material Requirement Planning and Execution – Ratio Analysis on Inventory – Profit Margin.

Unit 4 Manufacturing Planning

Just in Time (JIT) – Work in Process Inventories – Make or Buy Decisions – Concept of Outsourcing – Factors Influencing Make or Buy Decisions – Trends in Make or Buy Decisions in context of core competency.

Unit 5 Materials Handling

Importance - Principles - Criteria for selection of material handling equipments. Maintenance - Types - Breakdown - Preventive - Routine - Methods study - Time study - definition - Motion study - Principles – work measurement.

Purpose of Inventory

Goods – Types of Goods – Finished Goods Inventories – General Management of Inventory – Stocks – Types of Stocks – Tracking the Paper Life.

BBT503 Introduction to Supply Chain Management

(Total Hours 60)

Goals This course is to impart to the students an understanding of management concepts with a view to prepare them to face emerging challenge of managing business supply chain. Familiarize them with modern business practices, forms, procedures and functioning of commercial organizations. To know the essential elements in designing a formal supply chain organization system with an objective of effectiveness and efficiency. The students will also learn the major technology interfaces applied in Supply Chain Management.

Objectives By the end of this course, a student will

- Describe the processes of SCM
- Identify the key supply chain business processes
- Discuss the forecasting systems design
- Describe the technology integrated in supply chain coordination.

Course content

Unit 1 Supply Chain Management

An Introduction — Concept – Evolution and Development – Difference – Role – Scope – Functions and Importance – The new Manufacturing and Distribution Practices in the light of Globalized Economy – Local and International Supply Chains – Benefits and Issues – Types of Supply Chains and examples – Strategic, tactical, operational decisions in supply chain – SCM building blocks – Supply Chain Drivers and Obstacles – International Logistics and Supply Chain Management – The Total Cost Concept and Logistics and SCM Trade-Offs.

Unit 2 Key Supply Chain Business Processes

Planning – Sourcing – Producing – Distributing and Paying – Managing material flow and distribution – Distribution and Planning Strategy – Warehousing and Operations Management – Transportation Management – Inventory Management.

Unit 3 Forecasting Systems Design

Customer Service Management and Measurements – CRM – Manufacturing Logistics – Pricing Strategies – SCM Relationships – Third Party Logistics and Fourth Party Logistics – SCM Network Design and Facilities Development – SCM Planning and Development Strategies – Supply Chain Uncertainties – Supply Chain Vulnerabilities.

Unit 4 Supply Chain Coordination and Integration

Role of IT, Impact of Internet and E-Business – IT enabled SCM, Future of SCM.

BBT506 INTERNSHIP

(Total Hours 30)

Goals The internship involves students in common learning tasks, networking and the organisation of the workplace as well as specially focused learning tasks, which are connected to their personal professional development. The learning that takes place during the internship periods is an important factor in the student's professional growth. Students cooperate with own faculty, as well as with a training co-ordinator from the industry, a pedagogical supervisor from the university and a supervisor assigned to them at the workplace. The faculty usually has the role of professional supervisor in the student's professional development as a whole. The face-to-face sessions between students and the professionals is seen as connecting professionalism with personality, and those connections need strong reflective procedures. The co-ordinator is responsible for handling internship-related issues, for informing, guiding and advising students about the internships, and for developing internship practices. The faculty will provide customised learning Goals to suit the student's individual professional growth and monitors how the internship is implemented. This course is intended to develop the knowledge of the student in the management of project report writing. Special emphasis provided on project formulation and techniques for report writing. So, that they are able to draft project report in any area of their course and to evaluate a project. To provide the students with an opportunity to apply theoretical knowledge in real work situation

Objectives By the end of this course, a student will

- Present a written report that defines the basic concepts classification, characteristics, processes, of the organisation in which the training was undertaken.
- Explain the detail tools technology and systems, structures, environmental aspects of the organisation where the internship was undertaken.
- Apply theoretical practice been taught in the previous semesters. thereby closing the gap between academic work and the actual practice
- Define the role of professionals in specific industries and companies they are interested in, project their self-potentials, abilities and shortcoming.
- Network and connect with professional and transit to full-time position

Course content

The report should be consist of

- Introduction
- Profile and background of the organisation
- Terms of reference
- Mission, Goals and purpose
- Duties, roles and responsibilities, and schedules, learning from the organisation
- Application of the theory to the real life situation.
- Lessons learnt, challenges
- Conclusion, recommendation
- Appendix.

Students will be provided 270 hours during the close of the IV semester to undertake an internship in the aviation, travel and tourism sector and submit a project report based on their learning in contest to the subject thought during the previous four semesters. The project title will be chosen in consultations with the faculty who will provide a prescribed format. The project will be submitted in the V semester. The evaluation of the project work will done by a board consisting of the HOD concerned faculty and a nominated expert if required.

Teaching Learning Methodology

Internships integrate accredited academic coursework with periods of supervised, relevant experiences in the workplace. Internships not only provide students with an opportunity to practice and apply knowledge in a field of study but also provide a learning scaffold for real-world workplace issues such as morality and ethics, spirituality, diversity, values-based leadership, managing conflict, change management and leadership. The teaching occurs as supervised learning in the real world environment.

Examination Scheme/Assessment

Sl. No.	Details	Hours
1.	Working on an Internship	270
2.	Report, Presentation, Viva	90
	Total	360

2.	Report, Presentation, Viva	50
	Total	100

BBT601 Creating Tour Packages and Travel Documentation

Total Hours 90

Goals This course is to enable students to describe the approaches for Itinerary preparation. The unit also discusses constraints and grey areas involved in preparation of innovative tour Itineraries. This course is to enable students to familiarize with concepts related to travel and tourism related documentation required to undertake travel either domestic or international.

Objectives By the end of this course, a student will

- Describe the tour itinerary concept.
- Discuss various types of itineraries and Explain the scope of tour itinerary
- Discuss the significance of tour itinerary, Information and research input required in Preparation of Tour Itineraries.
- Describe Systematic Approach for Itinerary preparation
- Explains constraints and Grey areas involved in preparation of innovative Itineraries
- Explain the main components of tour itinerary and elements of effective tour itinerary
- Describe the basic elements of a travel document.
- Identify the different types of fraud.
- Examine a travel document manually and visually to detect whether it is fraudulent or not.
- Examine a travel document using an electronic document reader to detect whether it is fraudulent or not.

Course content

Unit 1 Introduction

Meaning, definition, origin, development, types, components and significance of tour packages with relation to tourists, destinations and tour companies role and input of public and private sector tourism organizations in promotion of tour packaging business.

Tour Formulation- Influencing factors, stages involved in tour formulation- initial research (Destination and Market).

Unit 2 Itinerary Development

Introduction- negotiations, confidential tariff, costing and pricing, market strategies, brochure designing, printing and distribution, Itinerary preparation for domestic and international tourist.

Defining the concept of tour cost, components of tour cost- Fixed and Variable, direct and indirect cost, factors affecting tour cost, Tour Cost Sheet- Meaning and significance, costing, procedures for FIT, GIT and conference and convention packages, calculation of tour pricing, pricing strategies.

Unit 3 Tour packaging in Indian context – case examples

Tourist activities based on Mountains, Deserts, Forest and Wildlife and cultural and pilgrimage-Prepare package based on these activities.

Land Based Adventure Tourism Packages - Trekking, Mountaineering, Skiing and Wildlife Watching, 'Aero-sports' and 'Water-sports' Based Packages .Cultural Tourism Packages – Pilgrimage, Festivities and, 'Monuments and Museum Visits' .Special Interest Tour Packages - Ethnic, Eco, Medical and Health and Holiday Packages.

Case study of Tour Packages offered by Major Tour Operators- Cox and Kings, Thomas Cook, SOTC, Inter sight. IRCTC and its Tour Packages.

Unit 4 Travel Documentation

Introduction to Travel Documentation and Formalities – Major Documents for International Travel and Domestic Travel - Cargo Documentation – Travel Advisories – Travel Regulations – Emigration and Immigration.

Unit 5 Understanding VISA and Permits

Passport -Types of Passports - Rules and Regulations – Formalities involved in obtaining the Passports – Travel certificates –Alternative travel documents for cruise staff and others.

Visa - Types of Visas – Embassies and Consulates – Formalities for applying for Visas – Supporting documents – Rules governing the issuance of Visas.

Unit 6 – International travel documentation & product analysis

Passport – VISAs - Airlines Ticket or Authorization - Health Documents - Michel Porter's Five Factors and their Application to Airline – Cost leadership –Focus strategies- Airline Business and Market Strategies – Common Mistake-Concept of Product and Relation to Airline – Fleet and schedules. Related Product Features-Customer Service and Controlling Product Quality-Air Freight Product.

Unit 7 Health and Currency Regulations

Health Regulations – Quarantine norms for preventing the spread of infection of A H1N1, Yellow Fever, HIV, ZIKA, Plague, Ebola, Swine Flu, etc. – Medical certificates.

Currency Regulations - RBI rules pertaining to FOREX – FERA & FEMA - Customs Regulations, Baggage rules, Lost Luggage, TBRE - Travel Insurance. Emerging trends in cargo and cargo carriers.

BBT 603 Business Statistics

(Total Hours 60)

Goals This course is to facilitate the students to understand the fundamentals of Statistics and to enable students to apply statistical methods in business contexts and interpret and analyse data for decision making.

Objectives By the end of this course the student will

- Define various statistical tools
- Explain the role of statistical tools in decision making
- Apply the concepts of statistics in business decision making.

Course Content

Unit 1 Introduction:

Meaning and definition-functions-scope-construct of statistics classification of data, tabulation of data.

Unit 2 Measures of Central Tendency and Dispersion:

Mean Median, Mode, Harmonic mean, Geometric mean Standard Deviation and Coefficient of variation.

Unit 3 Correlation & Regression:

Karl Pearson's co-efficient of correlation & Spearman's correlation of coefficient. Regression, Lines and equation, properties of regression co-efficient.

Unit 4 Index Numbers:

Meaning & definition, classification of index numbers. Simple index number using Arithmetic mean. Weighted indices: Laspayre's method, Paasche's method and Fisher's method, consumer price index.

Unit 5 Time Series-Components of Time Series:

Trend analysis by moving Averages and fitting a straight line Trend using least square method.
