26.04.2014

The Principal
Yenepoya Dental College

Sub: Short Term Certificate Courses for the Graduates and Postgraduates in
Yenepoya Dental College

Ref: 13th ordinary meeting of the Board of Management held on 08.02.2011
(Agenda -22).

As you may be aware, the Board of Management, at its 13th meeting held on 08.02.2011,
approved the starting of the following short term certificate courses for the graduates and
postgraduates in Yenepoya Dental College.

1. Aesthetic Dentistry
2. Minor Oral Surgery ✓
3. Clinical Periodontics
4. Paediatric Endodontics
5. Basic Metal Ceramic Technology- Clinical & Lab procedures
6. Management of special/un co-operative children under general anesthesia /sedation

Further, Dental Mechanic course was also approved by the Academic Council at its 3rd
meeting held on 31.10.2009 (vide Agenda 6).

I request you to send the information as to whether the said short term certificate courses
were started, and if so, as to when the course was started, how many have been admitted
to the course year-wise/course-wise.

The above details are urgently needed for submission before the impending UGC inspection
team.

ADD ON COURSE IN BASIC METAL CERAMIC TECHNOLOGY CLINICAL & LAB PROCEDURES FOR INTERNS

1) PREAMBLE:

Add on course in Metal ceramic restoration, Introduced in the year 2014 is a didactic and laboratory course developed principally for interns. The course gives an overview on case selection, laboratory procedures and after care involved in the fabrication of restorations.

The course is aimed and designed to give a foundation on basics in fixed prosthodontics which will help the students in their day to day general practices.

2) COURSE OBJECTIVE:

1. To make the students more competent in incorporating the knowledge on fixed prosthodontics, they have gathered at the undergraduate level and apply the same in their daily general practices.
2. To facilitate the students in diagnosis and most appropriate and feasible treatment selection in fixed prosthodontics.
3. To critically evaluate prosthetic restorations, fabricated in the dental laboratory for imperfection and errors. So as to make informed and professional decisions.
4. To sets a foundation for scope in PG courses in the department of prosthodontics.

3) COURSE CONTENT/SYLLABUS

- Duration – 18 Hours
- Eligibility- Interns

ATTESTED
