Celebrate Vanamahotsava: Bring Alive the Spirit to Plant and Save Trees

Dear Sir/Madam,

With continuous human intervention against nature, disasters can no longer be considered 'Natural'. An immediate example that comes to mind is the colossal event we recently witnessed in Mangalore, which claimed water shortage in the entire city.

The 'Vanamahotsava' festival of trees is a beautiful initiative to save the environment, to which we owe a lot. The month of July gives us the opportunity to fulfill our duty towards environment, on which all of us and our coming generation depends.

On behalf of the **Yenepoya University Alumni Association** we cordially invite you to join us for **Annual Vanamahotsava celebration on 24th July 2016 (SUNDAY at 10.30 am)** at the Yenepoya University Campus Deralakatte, Mangalore.

Let us get together and encourage everyone to plant trees in homes, schools, colleges, near offices and contribute in making our city greener than ever before. If you do not find land around you to plant trees, then adopt trees in your colony, school, college or workplace and celebrate Vanamahotsava with full vigour and enthusiasm by ensuring their protection.

With regards,

Dr. Tashika Kushraj
