

## Extension and Outreach Activities

Extension and outreach activities, the hallmark of the University carried out through dedicated Rural Health Care and Development Centre, National Service Scheme, Youth Red Cross and other Community engaging departments of the constituent colleges. The outreach efforts of the University are recognized and awarded by various Government and non-governmental organizations. Events are organized to raise awareness about community health. Screening camps are organized for early identification, prevention and treatment. Observance of days of national and public health significance are also integrated into extension activities held in the community. Observance of Health-related Days and Professional Recognition Days generate awareness of the importance of health among students and the community. It brings to the fore the critical role played by health-care professionals during the COVID-19 pandemic.

Total number of programmes conducted in the university is 562 with 4616 participants and 27,139 beneficiaries.
