

Virtual incoming presentations (VIPs), in the form of oral sessions or poster presentations, have become a pivotal part of academic and professional conferences worldwide. This transition to virtual platforms opens door to a broader audience, fostering global participation and engagement in MiCON 2024 without the constraints of geographical boundaries. With this aim, we offer a cost-effective means for participants to showcase their research, exchange ideas, and network within their respective fields. One of the notable advantages of virtual presentations lies in their accessibility. Participants from diverse backgrounds and geographical locations can join without the need for extensive travel or accommodation expenses.

All VIPs mimic traditional in-person sessions, albeit in a digital format.

<i>Fees (including GST) in INR</i>	Rs. 2000
