HYDERABAD CLEFT SOCIETY  
GSR HOSPITAL

NOTE ON ITS ACTIVITIES

Background

The Hyderabad Cleft Society (HCS) was registered in 2000 as a society (Registration Number 8836 of 2000 registered under the Andhra Pradesh Societies Regulation Act with the Government of Andhra Pradesh) primarily to give free treatment options to patients with facial defects who could not afford the high costs associated with treatment procedures required for the face. It has received permission under the FCRA from the Home Ministry to receive funding from foreign donor agencies (FCRA number 010230597 with the Ministry of Home Affairs, Government of India).

This service required entering into collaboration with a hospital and its associated infrastructure to provide such treatment. These clinical services are provided by GSR Hospitals.

The GSR Hospital is a registered 50 bedded hospital exclusively catering to patients with cleft and craniofacial abnormalities (Registration number 07-APMCE-0112 registered under the Andhra Pradesh Allopathic Private Medical Care Establishment Registration and Regulation Act of 2002 by the Health, Medical and Family Welfare Department, Government of Andhra Pradesh and Membership Number HYB/GO95/2008 admitted as a life member, Andhra Pradesh Private Hospitals and Nursing Homes Association). The hospital performs an average of 1,600 (1,000 primary surgeries) cleft and craniofacial surgeries every year.

The GSR hospital has been established in its present premises in May 2005. The Hospital is completely geared up to do cleft and craniofacial surgeries with the following infrastructure.

The aim of the collaboration between HCS and GSR Hospital is to provide world class infrastructure for patient care and free or low cost treatment options for patients.

Board of Trustees Hyderabad Cleft Society

**Sudarshan V. Reddy, President**

Mr. Sudarshan Reddy, is a well known businessman from Hyderabad with business interests in real estate and retail industries. He is a large benefactor to the HCS and has helped both the HCS and GSR Hospital establish its services in Andhra Pradesh.

**Dato Seri Laila Jasa Dr. N. Ravindranathan, Vice President**
