MEMORANDUM OF UNDERSTANDING

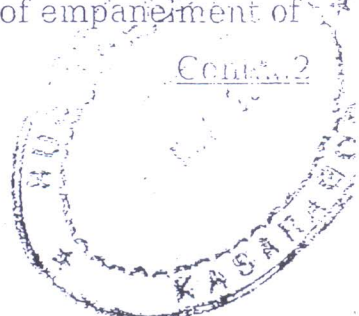

Signed this day the Twenty Eighth Day of November, 2011 by District Collector, Kasaragod on the one part and Vice Chancellor Yenepoya University on the other for facilitating quality treatment to the persons affected by exposure to Endosulfan to Kasaragod in Kasaragod District.

There is a felt need for facilitating quality treatment in higher and specialty Medical institutions which have proximity to the Endosulfan affected areas in Kasaragod District. At present, the patients with history of Endosulfan exposure who have been identified in the medical camps and enlisted by the District Administration have to rely on the Pariyaram Medical College or the Calicut Medical College which are more than 70 Kms away from the some of the affected area. Moreover a considerable number of patients enlisted belongs to Kannada linguistic minority area in the Kasaragod Taluk. In response to representations from the peoples representatives in Kasaragod District, The Hon'ble Chief Minister had given instructions to the District Collector to explore possibility of empanement of
