Between

IDS Softwares Pvt. Ltd

&

Yenepoya University, Mangalore

(Holding Company & Managing Company)

License to Yenepoya University, Mangalore

IMPORTANT – PLEASE READ THE BELOW WITHOUT FAIL AND CAREFULLY

Dear Customer;

IDS Softwares Pvt. Ltd. strongly recommends that this agreement is read through in detail and a clarification sought in writing where required, before the agreement is signed by the authorized signatory of the customer.

Signature of this agreement by the customer implies that the customer has gone through a presentation of the Fortune software and has decided to purchase the software after evaluation of its suitability for the property and feasibility of its utilization at the property. Further, it implies that the customer has understood that the software is a standard product and that any additional or new software requirements which is required in addition to software delivered that has been ordered initially, will be delivered or developed on a commercial basis. [Conditions applicable]. It also implies that the customer has understood on the scope of services that will be provided by IDS during the period of warranty and post warranty.

This agreement is confidential and is exclusively for the customer and licensor of the Fortune software. This agreement should not be shared or disclosed to any individual, organization, competitor etc as it could affect the interests of both IDS and the customer and which could have legal and financial implications for both parties. The rates & charges indicated here are based on various considerations and factors, and may not be equal to rates & charges that have been proposed & finalized with other customers.

Both parties are required to sign on all pages of this agreement. Any handwritten updations to the printed text or new inclusions incorporated to this agreement by either of the parties, is required to be approved by both parties for the agreement to be final & binding.

It is advised that this agreement is informed to all concerned officials / department heads at the customers end, for a clear understanding on the scope, terms and conditions on the delivery of the Fortune software product and related services.
